

STOP COVID BY STONE LABS

Covid Monitoring Tool by Stone Labs allows you to monitor, visualize & track the health of your athletes. It is absolutely FREE and here are some hints on what you will get inside.

REGISTRATION

At first, you need to complete a coach registration form. That will allow you to monitor the athletes you register daily. Moreover, you will get instant notifications once our system detects the problem. You can also set up a frequency of reports.

Coach Registration Form STEPS 1 2 3 4

NUMBER OF ATHLETES 2 ?

Athlete 1

NAME * Jack EMAIL * Jack@gmail.com

Athlete 2

NAME * Simon EMAIL * Simon@gmail.com

Coach Registration Form STEPS 1 2 3 4

NAME * John SURNAME * Rischardson

EMAIL * JR@gmail.com COUNTRY * Belgium

SPORT * Basketball

* All fields are required NEXT STEP →

SHARE THE LINK

As a next step, you get two links. One you should share with athletes. Following that link, they will be able to answer the questions about their health condition. The second link is for you. Following that link, you will get to the dashboard with the data & reports about your athletes.

C-O-V-I-D MONITORING

Well Done, John

Share the link with your athletes and track the first results!

QUESTIONNAIRE

Once you send athletes the link, please let them know how often would you like them to take the questionnaire. Athlete should choose his/her name from the drop-down and fill in the questionnaire. Once he/she finishes you will see it in your report.
